

# National/World Tournament Berths Available

All state champions (**Except Men's "D" Recreational, Mixed "D" Recreational and Men's Church Recreational**) receive automatic paid berths to their corresponding national or world tournaments. Usually, there are berths offered to the state of Minnesota that are not distributed by state tournament time. These remaining berths may be purchased by any team that participates in that particular state (or preceding regional) tournament; the order of finish determines the priority for awarding berths should there be more teams requesting berths than are available.

If your team is interested in attending a national or world tournament regardless of how you do at state, you must submit a check for \$ **325.00**, payable to MRPA and the form below to: Gerry Turnberg, State Director, 200 Charles St. NE, Fridley MN 55432. We should be able to accommodate all teams requesting berths.

*Please fill out the form below, detach and send in.*
